Master Plan

The board discussed the Master Plan Survey results that Cassie compiled. The board thanked Kate for her work on the survey and thanked Cassie for the survey analysis.

Should we post the survey results on the town website? Might generate interest in the MP. It is possible that people could confuse the survey answers with the actual master plan recommendations, which are not yet completed. We should add an introductory paragraph clarifying that the information is a compilation of survey answers that will be taken into consideration by the board as the Master Plan is developed.

Should we post the Transportation Chapter on the website? This is the one chapter that has undergone a public hearing and been formally adopted by the board. First, it should be amended to reflect input from the survey.

Dane will update the Economic Development chapter with information from the survey.

Action Items

Scott: Provide all MP chapters we have to the Conservation Commission and Energy Commission.

Adjourn

Dane made a motion to adjourn. Charlie seconded. Motion carried unanimously. Meeting adjourned at 7:55 pm.
